## Four Injured In Home Explosion

MARION, Ind. UPI — An explosion of undetermined cause ripped out the wall of a home early today, turned the interior into a raging inferno and badly injured four members of the Herman Turner family.

Turner, 29, was burned over 90 per cent of his body when he and his wife, Cora Lee, 31, saved their two daughters, Karen, 10, and Stephanie, 4. Turner was hospitalized in critical condition.

Marion General Hospital officials said the wife and two daughters were in serious condition, all suffering from burns.

Officials said there had been numerous complaints of gas in the neighborhood before the explosion. The Turner house was reportedly not connected to the gas lines, but officials theorized gas leaked into a sewer system and then into the Turner house where it was touched off by some unknown spark.

The explosion took place at 3:45 a. m. EST in the kitchen area.

## Fires Are Fatal To 39 Children

By United Press International

A rash of weekend fires, traffic accidents, airplane crashes and maritime mishaps claimed the lives of at least 77 persons. Thirty-nine children perished in fires.

The worst accident of the weekend happened at Palmyra, N. Y., where a 25-year-old mother, Mrs. Anna Breeden, died with her six little children when a flash fire swept their home.

The husband and father, Paul E. Breeden, 31, was on his way home to tell his family about the "new job and home of happiness" he had found in Chicago. He got home hour too late.

"You could tell this fire took the lives of children," a fire investigator said. "There were a few things that escaped the flames — a toy tractor, a wagon, a dump truck and then the shoes."

Six more children, ranging in age from 11 years to 18 months, died when fire broke out in their home at Warren, Mich.

## Moscow Warns Chinese Reds

MOSCOW UPI — A Kremlin warning that Communist China should not expect changes in the Soviet line came amid preparations for a world Communist policy-making conference. Western diplomats noted today.

In a lengthy article Sunday in the Soviet party newspaper Pravda, major policies articulated under Nikita S. Khrushchev were termed "mature," "fruitful" and described as being supported by the "overwhelming majority" of the 90-odd Communist parties in the world.

"The general line of the Communist movement is not a subjective, personalized line," Pravda said. "It is a course, collectively elaborated on the basis of theoretical analysis of objective facts."

It was the first major reaffirmation of Moscow's stance since the Kremlin postponed a preparatory meeting for the world party from Dec. 15 to March 1.

JOHNSON CITY, Tex. UPI — President Johnson holds budget-cutting talks with three cabinet members at his ranch today in a final uphill drive to keep federal spending under \$100 billion next year.

The President flew to Texas Sunday for a working holiday, accompanied by Labor Secretary W. Willard Wirtz, Interior Secretary Stuart L. Udall, and Commerce Secretary Luther H. Hodges.

Also with them was John T. Connor, whom Johnson has named to succeed Hodges as head of the Commerce Department — effective, probably, in mid-January.

Budget Bureau Director Kenneth Gordon was another member of the party aboard the presidential jet, Air Force One, as was the president's science adviser, Dr. Donald S. Hornig.

At a news conference on Nov. 28, the last time Johnson was at his ranch, the Chief Executive said he hoped the budget could be kept at \$100 billion. But he said he "would rather doubt it at the moment" because he was studying department request totaling between \$108 and \$109 billion.

The biggest budget ever submitted to Congress was the \$99.4 billion package which the late President John F. Kennedy proposed for fiscal 1964. Johnson's budget for the following year called for spending \$97.9 billion.

## Wildcat Strike By Dock Workers

NEW YORK UPI — Dissatisfied dockworkers in the New York and Baltimore areas today staged a wildcat strike in defiance of union leader who had pleaded they go back to work.

The New York strike, which has been tied up half the port, began Sunday night when members of Local 791 International Longshoremen's Association stopped work at Pier 57 in Manhattan, Brooklyn, Staten Island and Newark, N.J., today.

About 1,000 members of I.L.A. Local 829 in Baltimore refused to work today, although they agreed to handle military cargo.

## Fashion Aided By Best-Dressed

NEW YORK UPI — Those annual best-dressed lists serve one healthy purpose — they stimulate fashion. But they also skip a lot of the deserving, says one woman named so often to the lists she finally was elevated to a hall of fame and taken out of the running.

Aline Griffith, the Countess Quintinilla of Madrid, so sums up the annual salute to style.

"There are thousands of women who are very elegant and eligible for the list," said the brunette beauty from Pearl

The Daily Banner, Greencastle, Indiana  
Monday, December 21, 1964

River, N. Y., who married Spanish nobility shortly after World War II. She had been sent to Spain on a mission for the U. S. Office of Special Services (OSS).

"They're just far from the scene and so are never seen," said the countess.

"I find the list more of a symbol, to encourage women all over the world to fashion. The women cited have to live up to it, but I think this is a healthy thing — to keep them on their toes."

In 1962, the Countess was moved on up to hall of fame alongside such best-dressed personalities as the Duchess of Windsor, Mrs. William Paley, and Princess Grace of Monaco, to leave space for new faces.

The news international list, compiled from ballots circulated largely through the fashion world, is due in early January. Her husband was glad to see

her "retired," she smiled, because the clothing bill would be less.

The countess said most of her clothes are designed by Pedro Rodriguez of Madrid. She does not cater to Paris labels.

ARE RELATIONS COOLING  
BETWEEN LBJ AND PRESS?

MAXIMUM COVERAGE  
MINIMUM INFORMATION

By HENRY CATHCART  
Central Press Washington Writer

**WASHINGTON**—If private conversations among Washington reporters are any criterion, President Johnson is heading into a period of less cordial relations with the press.

Reporters are concerned that the White House is trying to manipulate them, to affect the tone of their stories and to prevent them from writing the kind of in-depth articles that would better illuminate the situation of national interest—both domestic and foreign.

White House

Reporters not  
very happy

Johnson and his aides appear to want maximum coverage on minimum information. The press office habitually keeps reporters informed of the President's views and movements and does not seem capable of obtaining answers to many questions put to it.

More serious is the President's own attitude that the White House's official version of a given situation should be taken as factual complete and that reporters should not question it in their writings.

Thus, the gravity of situations in the Congo in Viet Nam, in the North Atlantic Treaty Organization—minimized in the White House statements—should be beyond the scope of independent evaluation by the press, in Johnson's thinking.

The same attitude is displayed in domestic matters, particularly as it may concern the Democratic Party's involvement in the Bobby Baker scandal, or in budget-making activities, or personnel changes in the administration.

The Washington press corps is particularly disturbed about the method used by the White House to call press conference. They're called on the spot, requiring many reporters to spend long hours in order to be present. The method also keeps probing questions at a minimum as no White House-assigned newsmen can keep abreast of the many complex matters before government.

● **'SECOND HOME'**—Usually ambassadors assigned to Washington find they must spend the first months in the city familiarizing themselves with the many facets of their new official and personal lives. Not so for the new ambassador from South Korea, Hyun Chul Kim.

Kim, now 63 years old, has spent most of his life in the United States and a large part of it in Washington or its vicinity. He graduated from Lynchburg College, Columbia and American Universities, was a news correspondent in New York, conducted a business in Washington, and even served a period as a U. S. government employee.

However, that doesn't mean he is a stranger to his own country. He served as prime minister of South Korea in 1962 and 1963.

Among other attributes, he is completely familiar with the English language and comports himself more as an American than as a representative of a little country half way around the world.

in the town of Bafwasende. In Banalia, however, all they found was blood-stained clothing.

"We heard the shooting, but we don't know what happened to the others," said Mrs. Cester Burk, 54, of Calgary, Alta, one of the women rescued in Bafwasende.

"I believe we were saved by a very narrow margin. The rebels from Banalia had already sent a messenger ordering the simbas rebels to kill all remaining whites. The white mercenaries caught him and shot him."

Mrs. Burk's husband was one of a group of 16 whites presumably shot by the rebels three

weeks ago.

## Strike Of Dock Workers Delayed

GALVESTON, Tex. UPI—At least some Galveston longshoremen stayed on the job today, ignoring their announced strike deadline and once again stalling off a threatened dockworker's strike that could tie up all U. S. Gulf and Atlantic seaports.

Local leaders of the International Longshoremen's Association (ILA) and National Union

President Thomas (Teddy) Gleason of New York were scheduled to resume negotiations with shippers again today. They said a federal mediator would begin taking part Tuesday and they would not strike until he could examine the issue.

The union had threatened to strike if their demands were not reached by 8 o'clock CST last night. But the deadline came and went and the union leaders said they would continue to work "on a limited day-to-day basis."

# Cubs To Compete In Holiday Tournament

The Lafayette Invitational Holiday Tournament will be held on two consecutive nights, December 29th and 30th. Both sessions will begin at 7:00 p.m. Win or lose Greencastle will play both nights.

Coach Dave MacCracken, and his players will demonstrate Greencastle's style of play to a gathering of coaches Wednesday at the annual Lafayette Clinic. Coach MacCracken's topic will be "pressure basketball."

The games will be played in Jefferson High School Gymnasium, rather than the Purdue Field House. The gym is located approximately four blocks east and two blocks north of the Lafayette Court House. Michigan City will square off against Lebanon in the 7 o'clock

opener and Greencastle will pit its strength against Lafayette Jeff, last years State champions at 8:15.

The Championship will be decided December 30th at 8:15 when the two winners will play off. Preceding the championship game a consolation tilt will be played at 7:00.

Greencastle fans will have a chance to see some of Indiana's top flight performances in this tourney. Rick Mont, Lebanon's All-American Guard will be on hand along with many other fine players.

Tickets for the tourney are now on sale at Donelson's Pharmacy.

## Buffalo Bills Defeat Boston Patriots, 24-14

The Buffalo Bills are the American Football League's Eastern Division champions because Jackie Kemp played his own tune and made both the Boston Patriots and teammate Cookie Gilchrist dance to it.

Kemp was the unchallenged hero Sunday when the Bills whipped the Patriots 24-14, to win the right to meet San Diego Chargers in the AFL title game at Buffalo next Saturday. He completed 12 of 24 passes for 286 yards and a touchdown and scored two touchdowns himself as the Bills beat the Patriots for only the second time in seven games under Coach Lou Saban.

Behind the triumph, however, was the fact that Kemp repeated the strategy that caused the big blowoff between Gilchrist and his teammates on Nov. 15 — by making Gilchrist's running secondary to his own passing. And he did it under the most difficult conditions imaginable — on a slippery turf during a snowstorm.

Gilchrist clinched his second AFL rushing title with 981 yards gained to 945 for rookie Matt Snell of the New York Jets but the 52 yards Cookie gained Sunday had little or nothing to do with the Bills' victory.

## UCLA Blitz Breaks Back Of Boston

UCLA, whose 30-game winning streak was shattered on the very first day of the college basketball season, had laid a solid foundation for a new one with the help of a football weapon—the blitz.

Of course, the Bruins, defending national champions don't call it a blitz. They use the more technical term of zone press. But their opponents aren't buying.

The UCLA win skein reached five Saturday night as the Bruins blitzed Boston College off its collective feet, 115-93, to capture the Milwaukee Classic title and serve notice that they fully intend to repeat their NCAA triumph of last season.

Currently ranked fifth among the nation's major colleges, UCLA trailed Bob Cousy's BC squad 42-41 late in the first half when the Bruins' leader, John Wooden, called for the blitz. And when the smoke had cleared only one minute and 25 seconds later, there were 18 more points on the scoreboard — all under the California school's column.

Illinois, the team which shocked UCLA earlier this season, was full of surprises. The Illini had the temerity to whack ninth-ranked Kentucky in its own tournament — the Kentucky Invitational.

In whipping the Wildcats, 119-86, Illinois became the first Big Ten team ever to win the tournament, which the host team had won for three consecutive years. Smooth center Skip Thoren scored 27 points and grabbed 22 rebounds and guard Tad Brody added 25 as the Illini ran their season record to 6-1.

## Tiger Cubs Defeat Plainfield Quakers, 85-74, In TV Debut

The Greencastle Tiger Cubs boasted their seventh consecutive high school basketball victory Saturday night by defeating host Plainfield, 85-74, with balance scoring and a "scare press."

The Cubs, paced by hustling Ron Blotch, had four men in the double figures column. Blotch collected 27 while Chadd, Troyer, and York added 21, 16, and 12 points respectively.

According to television announcers a big part of the Tiger Cub victory role was played by their "scare press." The Cubs used their press quite effectively at key intervals causing the unsuspecting Plainfield squad to error.

After a hair-raising first quarter of play that ended with Plainfield leading 23-20 Coach Dave "Twig" MacCracken put the Cubs into action by firing up their deadly 3-2 zone defense.

Scoring ace Jim Chadd started things for the Tiger Cubs in the deciding second quarter by banging the buckets for 5 quick field goals as the Cubs took the lead 32-27.

Ron Blotch then matched buckets with the Quakers Wil-

son. Lovell capitalized on Blotch's missed free throw and Krampe dropped in a 25 foot jump shot to put Plainfield within one of the Greencastle 38-34 margin.

Gerald York was called for hacking Plainfield's big six-foot four-inch Dave Abel. Abel made good his trip to the charity line and the Plainfield squad took command 35-34.

Nanovsky then sunk a beautiful tip only to be equalled by Lovell's 15 foot jump shot. With Plainfield holding a slim one point margin Gerald York made his bid for victory by connecting on two free throw attempts and the Cubs took command again. Throwing their "scare press" on with 30 seconds remaining in the half Jim Chadd bettered the Cub margin by slipping another one through the nets. Half time score caught the Tiger Cubs in command 40-37.

Up and coming Tiger Cub guard Mike Troyer and center Ron Blotch paced the Greencastle squad through a quick third quarter that left the Cubs in command once again 61-48.

Trying to stage a rally in the final period of play the Quakers threw their own press at Mac-

Cracken's commanding squad, but the futile press was combatted by big Ron Blotch's five field goals and eight rebounds. Wilson set the pace for the Plainfield Quakers with 25 points while Blotch added 27 to lead the victorious Cubs.

The Tiger Cubs will center attractions and attention toward the scheduled Lafayette Tourney where they are slated to meet Lafayette Jefferson.

## DePauw Tigers Victim Of Colgate Basketeers

HAMILTON, N. Y. — George Dalzell sparked a late spurt that nullified a DePauw rush and carried Colgate to an 87-81 basketball victory Saturday.

DePauw, trailing 44-35 at halftime, closed to within two points at 72-70 on a rally midway through the second half. Jack Hogan, a 5-foot-6 backcourt man, scored 14 points during the rally.

But Dalzell, also a backcourt man, led Colgate on a 15-point spurge while the visitors scored only three points. That put the game beyond DePauw's reach.

Dalzell wound up with 23 points while teammates Ed Munter and Tom Cruthers added 20 apiece.

Hogan paced the losers with 21 points.

The victory was Colgate's second against five losses. De-

Pauw is 3-5 with one game remaining on its swing through the east.

## Detroit Owner To Fire Coaches

DETROIT UPI — Three assistant coaches of the Detroit Lions probably will be fired today with veteran players Joe Schmidt and Yale Lary likely to become player-coaches.

Team owner William Clay Ford said Sunday night an announcement concerning the three assistants—Las Bingahan, Don Doll and Bob Nussbaumer—would be made about 3 p. m. today. He is scheduled to have his third conference in five days with head Coach George Wilson at that time.

However, it has been learned by United Press International that Ford has already ordered the ouster of the three aids and that he wants Schmidt to become defensive line coach and Lary defensive backfield coach. As of Sunday he had not talked either player into signing a contract to coach and play in 1965.

UTAH OVER WEST VIRGINIA 33-4—IN FIRST INDOOR BOWL GAME—Utah heads for the goal in the 1964 Liberty Bowl game which was played Saturday in Convention Hall, Atlantic City, N. J., the site of the Democratic National Convention.

## Two Veterans Lead Detroit Wings To Hockey Victory

Ted Lindsay and Gordie Howe of the Detroit Red Wings may be two of the oldest men in the National Hockey League, but the Toronto Maple Leafs can vouch for the fact that the Detroit twosome is still a long way from oblivion.

Lindsay, 39, and Howe, 36, scored within an 89-second span in the last two minutes of play Sunday night to lead the Red Wings to a 3-1 victory over Toronto and vault Detroit into a second place tie with the Chicago Blackhawks, who whipped the Boston Bruins, 3-2.

Neither team picked up any ground on the league-leading Montreal Canadians, however as the Habits edged the New York Rangers 3-2.

Detroit and Toronto were engaged in a 1-1 tie late in the final period when Lindsay beat Terry Sawchuk with a short shot in front of the net. Howe iced the game with a blazing 30-footer moments later. Lindsay, who also tallied Detroit's first goal, boosted his career goal total to 372 and surpassed Bernie Geoffrion as the third leading scorer in NHL history.

Phil Esposito's goal in the final period carried the Hawks to their seventh straight victory. Esposito's tally broke a 2-2 tie and over-shadowed a pair of goals by the Hull brothers, Bobby, the league's leading scorer, netted his 28th goal of the season in the first period and brother Dennis, who joined the club only recently, scored his second major league goal in the second stanza.

### Lawmakers Get Expert's Advice

INDIANAPOLIS UPI—A constitutional law expert told Indiana legislators today they could "use whatever formula you want" in determining reapportionment.

Prof. W. Howard Mann of Indiana University said in his opinion the "one-man-one-vote" ruling of the U. S. Supreme Court "is not that broad."

"Use whatever formula you want and get a court determination that there is no substantial disparity," he advised the House and Senate Apportionment Committees at their first meeting.

"I don't think you need to feel your authority has been removed from you," he said. However, Mann said in using a formula other than strict population, the Legislature should "give proof of reasonable rationality" so that the courts would know the basis being used for reapportionment.

Mann said the reason the Supreme Court got into state legislative apportionment was because in too many cases a

minority of the population controlled the legislature.

He pointed out, however, "you have a very different approach on the state legislative and congressional reapportionment."

**UNUSUAL ACTION**  
HOUSTON UPI—The city council gave Mayor Louis Welch unusual censorship when it voted to approve a design for a sound system for council chambers.

The system includes microphones wired into a central control board. At the mayor's seat will be an "off" button with which he can cut off debate—or at least reduce its volume—with a flick of the finger.

**SHARP SWITCH**  
HOLLYWOOD (UPI)—Universal has switched to the title of "The Adventures of All Baba" to the "Sword of All Baba"—perhaps because it has more edge to it.

**AWARD**  
HOLLYWOOD (UPI)—Norway's coveted motion picture award, Solvikumpen (the Silver Lump) has been awarded Darryl F. Zanuck's "The Longest Day" as the best film of 1963.

Persevering Too Long  
Is Far From Virtuous  
By Alfred Sheinwold

### National Men's Team Champion

If you want people to think well of you, at least at the bridge table, practice moderation in your virtue. For example, perseverance is a fine quality, but if you persevere too long people will say that you are a stubborn blockhead. If you find this hard to believe, look at today's hand.

East plays the jack of diamonds at the first trick, and South must refuse to win. East

continues with the queen of diamonds, and South must again play low. If South took the first or second diamond trick, the defenders would eventually get the king of clubs and rest of the diamonds, defeating the contract.

When South plays a low diamond at the second trick, West must see the difference between perseverance and stubbornness. The time has come to abandon the diamonds.

It does no good for West to play low diamond at the second trick. East gets nowhere whether he continues with a third diamond or switches to the king of spades.

### TAKES NINE TRICKS

Either way South takes nine

tricks. He can win either the ace of diamonds or the ace of spades, depending on which suit is led at the third trick. South tries the club finesse, losing to the king of clubs. The defender can take, at most, two diamonds, one club and one spade. South is sure of four clubs, three hearts, one diamond and one spade.

West can avoid this by playing the king of diamonds at the second trick, getting the lead into his own hand. West then switches to the ten of spades. He knows that there is no future in the diamonds and must hope that his partner has spade strength.

This switch settles South's

hash. He must lose three spades and a club in addition to the two diamonds already surrendered to the defenders.

### DAILY QUESTION

Partner opens with one club, and the next player passes. You hold: Spade 10 9 6, Heart 10 8 5 3, Diamond K 8 7 3 2, Club 7. What do you say?

Answer: Pass. You have only 3 points in high cards and should count nothing for a singleton in partner's suit. This is not enough for a response. If partner had opened with one heart or one diamond, you would count 3 points for the singleton and would then have enough for a raise to two of partner's suit.

## Gun Battle Fatal To Cop Prisoner

SCOTTSBURG UPI—A City policeman died early today in a Louisville hospital following a shoot-out with a prisoner who was also killed.

Sgt. James Baker, 29, was fatally wounded when shot in the head by Marvin Bogard, 29, Scottsburg, Sunday night in a car in front of the Scott County Jail here.

Authorities said Bogard was being taken to the jail following a traffic accident when he pulled a gun and shot Baker.

Another officer in the car, Lt. James Cowles, 25, shot

Bogard five times in the chest and arm but not before Bogard managed to get off another shot which wounded Cowles in the head.

Bogard died in the patrol car where the shooting took place. Cowles was reported in serious condition but improving at Louisville Jewish Hospital where Baker died.

## Thant Resumes Key Crisis Role

UNITED NATIONS, N. Y. UPI—Secretary General Thant today resumed his key role in the diplomatic attempts to settle the U. N. financial

crisis caused by Russia's \$52.6 million debt.

Secretary of State Dean Rusk and Soviet Foreign Minister Andrei Gromyko held "inconclusive" talks Saturday on a compromise plan suggested by Alex Quaison-Sackey of Ghana, the president of the General Assembly.

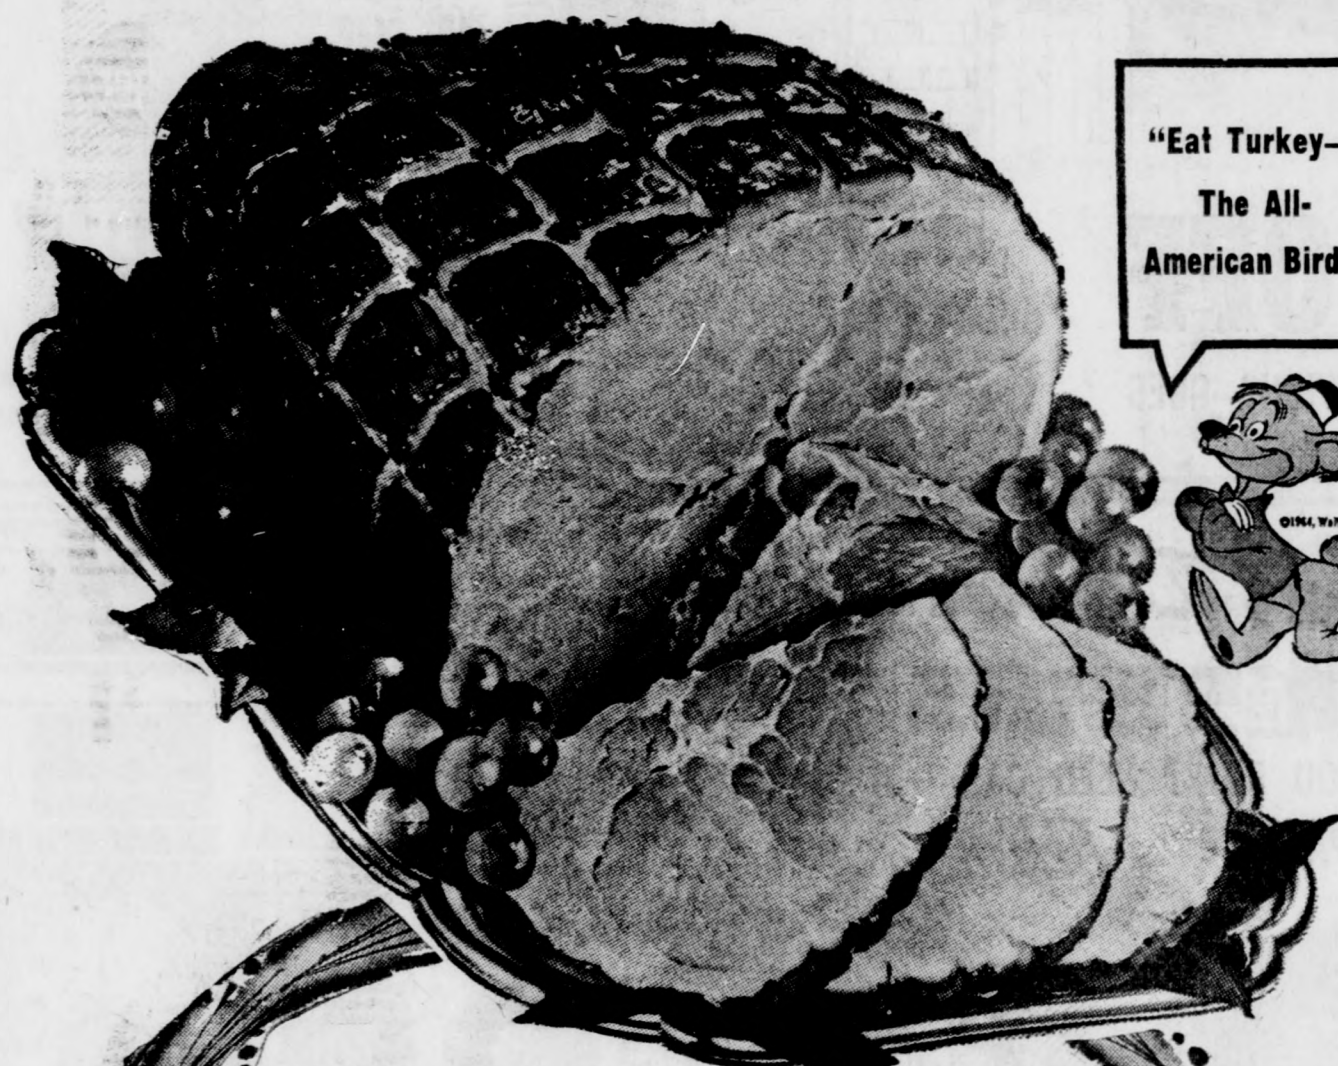

Rusk and Gromyko returned to their capitals Sunday, leaving the issue to Thant and their ambassadors here. Thant held preliminary meetings with the ambassadors, Adlai E. Stevenson and Nikolai Fedorenko, at his home Saturday.

## 9 More Killed In State Traffic

By United Press International  
Icy roads accounted for four of the weekend's victims.

Ronald Mason, 26, Chester-  
ton, was killed Sunday when his  
car rammied a Michigan City  
utility pole after going out of  
control.

Mrs. Gertrude Chamberlain,  
62, Indianapolis, was killed in  
the Hoosier capital late Satur-  
day when she lost control of  
her auto on an icy city street  
and slammed into a traffic sig-

nal.  
Everett Craig, 60, was killed  
and his wife, Rachel, 42, and  
James Holmes, 23, all of Peru,  
were injured when Craig lost  
control of his auto on Indiana  
19 in Miami County about a  
half mile north of his home-  
town and was thrown from the  
car as it rolled over.

Thurmond Rutherford, 41,  
New Castle, lost control of his  
car on icy Indiana 3 Saturday  
night in Spiceland and was  
killed when it rammied a tree.

Ronald Pitts, 26, Anderson,  
became the first weekend vic-  
tim early Saturday in a two-  
car crash on the east-side of

Anderson.  
A fatal accident only three  
minutes after the close of the  
weekend period which saw nine  
persons killed on Indiana roads  
raised the states traffic toll of  
1964 to at least 1,342 compared  
with 1,283 a year ago.

The year's count was just two  
short of tying the final figure  
for 1963, the third highest in  
history and the highest in post-  
war years.

Gordon R. Masters, 25, Fort  
Wayne, was killed on Indiana  
224 just west of the Ohio state  
line when the car he was in,  
driven by Joseph Weigel, 23,  
Fort Wayne, crossed the center  
line on a curve and hit the rear  
of a semi-truck driven by Wil-

lard Crabtree, 37, Muncie.  
A one-car crash on U.S. 31 in  
Underwood in northwest Clark  
County Sunday night claimed  
the lives of Donald F. Kirk-  
patrick, 28, Indianapolis, and  
James R. Smallwood, 29, Under-  
wood.

Police said they were killed  
when Kirkpatrick's car went  
out of control at a "very high  
rate of speed," went off the  
road, rolled over on its side  
and skidded about 150 feet,  
wrapping itself around a tree.

Delores Hood, 29, and Arthur  
Johnes, 42, both of Evansville,  
were killed Saturday night in a  
head-on crash with another ve-  
hicle driven by James Fleming,  
39, Owensboro, Ky. Police said

Fleming came over the crest of

## Boy May Face Murder Charge

INDIANAPOLIS UPI—A 15-  
year-old boy today was sched-  
uled to appear in Municipal  
Court on a preliminary charge  
of murder in the shooting of a  
companion, who he told police  
tried to assault his mother.

Police said Daniel Griffith  
told them he shot Samuel Mar-  
tin, 19, as Martin grappled with  
another companion, Dennis Hil-

lard, 17.  
Authorities said Martin died  
about an hour after the early  
Sunday shooting in a hospital.  
They said he was shot in the  
den of the Griffith home on this  
city's north side.

Lt. Spurgeon D. Davenport,  
chief of the police homicide di-  
vision, said Griffith signed a  
statement admitting the shoot-  
ing.

Davenport said Griffith told  
police he heard noise from the  
den where his mother, Mrs.  
Jean Griffith, 43, was sleeping  
and he got his father's pistol.

Police said Griffith said he  
then went to the den and found  
Martin with Mrs. Griffith. Grif-  
fith told police he fired a warn-  
ing shot into the wall and or-

dered Martin to leave.  
Hillard then rushed into the  
room and began grappling with  
Martin, Griffith told police. He  
said he shot Martin as the two  
were tussling. Hillard and an-  
other youth ran to the house  
next door and called police as  
Griffith broke down, saying, "I  
shot him, I shot him."

Griffith's father, Daniel Grif-  
fith, a design engineer, was  
away on a business trip.

## Atlanta Negroes Plan Boycott

ATLANTA UPI — Striking  
Negroes, backed by obel  
Peace Prize winner Martin Lu-

ther King Jr., said that if a  
wage agreement is not reached  
today they will call for a world-  
wide boycott of pens, pencils  
and cigarette lighters made by  
Scripto, Inc.

At a mass meeting Sunday,  
King called for a closer union  
between the movements of la-  
bor and civil rights.

"Along with the struggle to  
desegregate we must engage in  
the struggle for better jobs,  
he told the strikers. "The same  
system that exploits the Negro  
exploits the poor white man."

"The white power structure  
hollers 'nigger, nigger, nig-  
ger' " King said, while exploit-  
ing both poor whites and Ne-  
groes.

# Winter Season Officially Here

By United Press International  
Winter officially arrived at 2:50 p. m., EST today but it wasn't much of a surprise to the western half of the country. Heavy snow continued to fall in the northern Rockies and the Northwest with more than a foot piled up in some areas. Spokane, Wash., had 16 inches of snow on the ground.

Gale-force winds whipped thick snow through the high passes of the Sierra in California, where some roads were closed to all traffic. More than two inches of rain soaked San-

ta Barbara, Calif., Sunday and more than an inch fell at Los Angeles.

An off-shore disturbance sent gale warnings flying today along the northern California coast. Strong winds and rain toppled large trees in the Mandeville Canyon area west of Los Angeles Sunday.

The western snows marooned cattle on grazing land. A special U. S. Air Force "Operation Haylift" dumped 20,000 tons of hay on snowbound southeastern Montana but at least 25,000 died from lack of food and endlessly drifting snow.

# Ford Challenges Charles Halleck

WASHINGTON UPI — Rep. Gerald R. Ford worked against a 14-day deadline today to build his "new spirit" campaign for the House Republican leadership into victory over Rep. Charles A. Halleck.

The Michigan Republican, who plunged into the battle Saturday, appeared confident that he could defeat the veteran Indiana GOP leader at the showdown an. 4. Ford predicted that when the 140 Republicans who will serve in the 89th Congress assess the candidates, they will choose him.

Halleck, who has been vacationing in Florida, headed back for Washington to start organizing his campaign for reelection. His office said Halleck had no immediate comment on the Ford candidacy.

Ford's campaign organization, headed by Rep. Robert P. Griffin, R-Mich., worked through the weekend to line up votes for the 51-year-old challenger.

The aim is to build a "substantial" margin of victory, Ford said. He indicated he did not want to go through the kind of fight that Halleck had when he beat Rep. Joseph W. Martin, R-Mass., for the leadership by four votes just six years ago. Ford declined to "play the

numbers game" when asked how many votes he had in the bag. To assure election, he would need 71 votes, although the caucus rules require only a majority of members present. The campaign against Halleck opened on a high-level, with Ford refusing to indulge in any criticism of the 64-year-old Hoosier who often is called the toughest "gut-fighter" in national politics.

Halleck has been accused of being too wedded to dogmatic opposition for its own sake and of refusing to consider new ideas to improve the Republican opstion. Ford made indirect reference to these criticisms by saying "we must begin a new chapter with

new ideas, new spirit and new leadership."

# Barry, Miller Hold Conference

WASHINGTON UPI — Sen. Barry M. Goldwater and his vice presidential running mate, Rep. William E. Miller, planned a meeting today apparently aimed at recruiting support for Dean Burch.

Miller told United Press International that he would meet with Goldwater, but that he did not know who else would be present. He also declined to discuss the purpose of the meeting.

The Daily Banner, Greencastle, Indiana  
Monday, December 21, 1964

11

But the session was expected to deal with plans for helping Burch retain his job as Republican national chairman when the GOP National Committee meets in Chicago Jan. 22.

Sen. Thurston B. Morton, R-Ky., chairman of the GOP Senatorial Campaign Committee, said in Louisville he had been invited to the Washington meeting but might not attend because he underwent oral surgery over the weekend.

Rep. Bob Wilson, R-Calif., chairman of the House Republican Campaign Committee, was reported to be in the nation's capital but could not be

reached for comment.

Morton and Wilson would be in position to help line up support for Burch in Congress, and also use their influence on members of the GOP National Committee.

Two other party leaders, House GOP Leader Charles A. Halleck and Senate Republican Leader Everett M. Dirksen, were reported out of the city, although Halleck was expected back today.

Burch, on his return to Washington last week from a strategy session with Goldwater in Phoenix, Ariz., said he thought he had enough party support to keep his job.

### 6 Bandits Rob Armored Truck

**PATERSON, N. J., UPI**—Six bandits held up an armored truck today when it arrived at a church to pick up Sunday collections.

An unofficial estimate set the haul at a half million dollars, but an official of the bank called the figure "incredible."

The thugs set up the daring robbery after invading St. Anthony's Roman Catholic Church. They handcuffed several persons inside the church.
